

FOR JOB SEEKERS • GY SKILL

Nobody's hired for "hardworking & passionate."

The same 5 skills keep coming
up across every sector — and
most aren't taught in college.

THE 2026 SHORTLIST — ANY INDUSTRY

Clear communication

Being understood the first time beats fancy words.

Data literacy

Read a sheet, spot a trend.

AI tools

Use them daily — not a red flag.

Ownership

Do what you said you'd do.

Learning speed

Beats what you already know.

THE MYTH vs THE TRUTH

✗ The myth

"I need 47 certificates before anyone hires me."

✓ The truth

Depth in a few of the 5 above beats a wall of badges — every time.

Pick **two. Get genuinely good. Watch the callbacks change.**

MIND THE GAP

Effort in the wrong place feels like progress.

Where most freshers focus

chasing more certificates

Where hiring actually happens

the 5 skills, applied

Good news: every one of the 5 is learnable, fast — no new degree required.
