Job-hunt anxiety is real. Protect your headspace.

Rejection, silence, comparison

5 WAYS TO STAY STEADY

1. Name it

Grief + uncertainty, not weakness.

2. Cap the doom-applying

5 tailored beats 50 copy-pastes.

3. Worth ≠ outcome

A 'no' is fit + timing, not your value.

4. One small win a day

A fixed resume line counts.

5. Talk to someone

A friend — or a professional.
