WHAT LOSES THEM IN SECONDS

1 A summary that says nothing

✗ "Hardworking professional seeking growth."

✓ Role + your #1 proof + what you want, in one line.

2 Duties, not achievements

✗ "Responsible for handling sales."

✓ "Grew regional sales 22% in 6 months."

💡 Numbers are the fastest way to look senior on paper.

THE EASY WINS

3 One resume for every job

✗ The same PDF blasted to 80 roles.

✓ Mirror each JD's keywords & exact job title.

4 Typos & messy formatting

✗ Mixed fonts, 3 date formats, stray CAPS.

✓ One font, one date format, proofed twice.

💡 Ten minutes tailoring beats ten more blind applications.

THE LAST ONE

5 3 pages for 1 year

x Padding the recruiter will never read.

✓ One tight page — 7 seconds, remember?
