

FOR FRESHERS • RESUME

**“But I have
no experience.”**

**You have more than you
think — it’s just not written
down yet. 5 things that count**

IT ALL COUNTS — PART 1

Describe each with a result, not a title.

College / final-year projects

→ **Real work: what you built + the outcome.**

Volunteering, clubs, fests

→ **Leadership, coordination, hitting deadlines.**

💡 **'Organised a fest for 200' beats 'was on the fest committee'.**

IT ALL COUNTS — PART 2

Initiative is experience too.

Freelance / side gigs (even one)

→ **Client work — scope, delivery, feedback.**

Certifications & self-learning

→ **Current skills + the drive to go get them.**

💡 **One paid gig or one finished course changes your whole 'fresher' story.**

THE LAST ONE + HOW TO WRITE IT

Part-time / family business

→ **Real responsibility, money, and people.**

THE FORMULA

Action verb + what you did + a number or result.

“Ran Instagram for our club — grew it 0 → 1,200 in 3 months.”

💡 **A recruiter reads results, not responsibilities.**
