 **Pick your sector, pick 2 skills, go deep. Breadth comes later.**

SECTORS 3 & 4

Yes, tech — but not only tech.

Data & Tech

SQL

One BI tool

Basic Python

Healthcare & Pharma

Documentation

Compliance

Lab / patient systems

You don't need all three — one solid skill opens the door.

FINANCE + WORKS-EVERYWHERE

The last sector + the universal 3.

Finance & Accounts

Advanced Excel

Reconciliations

Tally / SAP

WORK IN ANY SECTOR

Clear writing • using AI tools well • owning your work end-to-end.

 **These three make you hireable everywhere. Build them alongside your sector skills.**
