

30 days. 60 posts. One month.

**Four audiences, one mission:
fair, fast hiring for India.
Here's what mattered most.**

Swipe the highlights →

STUB 01 • FOR JOB SEEKERS

The tip you saved most.

3 steps

Assess with GY SAT → close the gaps with GY Coach → get found by employers.

- 1 GY SAT — see where you stand**
- 2 GY Coach — close the gaps**
- 3 Verified profile — get found**

ADMIT ONE • JOB SEEKERS

AUG 2026

Free, and it only works in that order — skipping step one is why most job hunts stall.

STUB 02 • FOR EMPLOYERS

The proof you asked about.

Day 1

Pre-assessed, AI-ranked shortlists — instead of 300 CVs and a fortnight.

- 1 Pre-assessed on arrival
- 2 Ranked by real fit
- 3 Skills report attached

ADMIT ONE • EMPLOYERS

AUG 2026

Every candidate arrives with a skills report attached — before the first call.

STUB 03 • RECRUITERS + CAMPUSES

The two you rallied behind.

70:30

**Recruiters keep the majority of every fee.
Campuses get students hire-ready, not just scheduled.**

- 1 Recruiters: the majority of every fee**
- 2 Campuses: readiness, not just drives**
- 3 Both: live mandates + AI tooling**

ADMIT ONE • PARTNERS

AUG 2026

Live mandates and AI tooling on one side; readiness data and real conversion on the other.

STUB 04 • YOU DECIDED

What you engaged with most.

1 The 5 free things every job seeker should be using

2 What a bad hire actually costs you

3 How to read a JD like a recruiter

4 Cost-per-hire: agency vs job board vs GroYouth

Noticing a pattern? You want the practical stuff. Message received.

Every one of these is still on the grid — scroll back and save them.

MONTH 3 STARTS TOMORROW

GroYouth™

September gets bigger.

More hiring data, more free tools for job seekers, and the stories of people who actually got placed.

Thank you for a genuinely good August. ❤️
