THE OPENERS

“Tell me about yourself.”

→ Present → strength + proof → why this role. 30 secs.

“Why should we hire you?”

→ Match your one strength to their exact need.

Answer the question behind the question: ‘why you, for this?’

THE TRAPS

“Your biggest weakness?”

→ A real one + the concrete step you’re taking to fix it.

“Where in 5 years?”

→ Growth + commitment — not a job title you googled.

‘I’m a perfectionist’ fools no one. Honesty + a fix does.

THE CLOSERS

“Why this company?”

→ One specific, researched reason — not ‘good culture’.

“Any questions for us?”

→ Always yes. Ask 2 — about the role, not the perks.

 **‘No questions’ reads as ‘not that interested’.**
Always have two.
